ETIQUETTE

CONSIDERATION FOR OTHER PLAYERS

A player should be allowed to play before their opponent or fellow competitor tees their ball.

No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke. Slow play is a scourge and encourages people to take up bowls. Remember our place in the field is just behind the group ahead and not just in front of the group behind.

In the interest of all, players should play without delay, walk briskly between shots towards your ball and be ready to play when it is your turn. Slow play is a distraction to most players. Taking a practice swing is encouraged but taking numerous practice swings must be discouraged. The lowest handicapper in a group is responsible for the speed of play.

No player should play until the players in front are out of range however higher handicap players are encouraged to play out of turn if they are unable to reach the players ahead.

In Stableford and Par events, pick up your ball as soon as you are unable to score on a hole. When you come to the green put your bag, off the green, between the flag and the path to the next tee.

Players searching for a ball should signal the players behind them to pass as soon as it becomes apparent that the ball will not easily be found. They should not search for five minutes before doing so. They should not continue play until the players following them have passed and are out of range.

When the play of a hole has been completed players should immediately leave the putting green and mark their cards while waiting to play their shot on the next tee. The player with the honor on the tee should mark their card after playing their tee shot.

We play for vouchers – not sheep stations. Saving a minute on each hole means your game is 20 minutes faster.

PRIORITY ON THE COURSE

In the absence of special rules, two-ball matches should have precedence over, and be entitled to pass any three or four ball match. A single player has no standing and should give way to a match of any kind.

Any match playing a whole round is entitled to pass a match playing a shorter round.

If a match fails to keep its place on the course and loses more than one clear hole on the players in front, it should allow the match following to pass.

CARE OF THE COURSE

Members are requested to accept responsibility to see that all players; public as well as other members, observe the necessary requirements for conduct, preservation and maintenance of the course. All players must carry a sand bucket and repair all divots through the green. The course staff have right of way at all times.

CARE OF THE COURSE *(Continued)*

Do not wheel golf buggies on to the putting greens or tees. Before leaving a bunker, smooth over all holes and footprints made and leave the rake in the bunker facing the direction of play. Replace all divots and repair pitch marks.

Repair damage to the green caused by golf shoe spikes on completion of the hole.

Ensure no damage is done to the green when laying down bags or flag sticks.

Avoid damage to the green by not leaning on your putter as you retrieve the ball.

In taking practice swings, players should avoid damaging the course and in particular, the tees.

Golf carts must not be driven dangerously or through muddy areas or close to tees and greens.

DRESS REGULATIONS

To maintain a dress standard suitable to the club, members are requested to pay attention to their dress. The following should be regarded as a minimum.

Men.

1. An acceptable golf shirt (as sold in the pro shop) must be worn.
2. Slacks, dress jeans or tailored shorts are allowed.
3. Socks must be worn with shorts, they may be calf or ankle length.

2. An acceptable golf shirt (as sold in the pro shop) must be worn.
3. Skirts, culottes, slacks, knickerbockers and tailored Track pants made as slacks.

CODE OF CONDUCT

The Code of Conduct applies to amateur golfers and caddies, in all Championships, major activities, events, representative team members playing away from home, competitions and clubhouse activities conducted by Russell Vale Golf and Social Club. It is in addition to any other requirements of Players and Caddies as set out in tournament conditions, local rules or by-laws of clubs hosting Russell Vale Golf and Social Club events.

Each Player or Caddie in a competition must adhere to commonly accepted standards of golfing etiquette and sportsmanship. To ensure proper standards of behavior during a competition a Player or Caddie, who commits an offence under this Code will face disciplinary proceedings.

Copies of the Code of conduct are available from the Office and a copy is available on the Web Site.

CONDITIONS OF COMPETITION

for Russell Vale Golf and Social Club

The latest version of the Club's Conditions of Play is available on the Club's Notice Board and the Club's website, www.rvgc.com.au > Golf > Captains Page. These conditions of play are subject to update and amendment, Members should make themselves aware of the latest version.

GUIDELINES FOR THE PREVENTION OF SLOW PLAY

The Committee has determined that the maximum time allowed for the completion of 18 holes during a round played in groups of four is 3 hours 30 minutes. Each hole has been given a completion time based upon the length and difficulty of the hole. In the event of severe weather conditions the times may need to be adjusted. Check points have been incorporated at the completion of the 9th and 18 holes. A group is out of position when it completes the hole later than the time scheduled.

Members can minimize round times by adopting the following:

- Be Aware of your position regarding the group in front.
- Do not concern yourself with the group behind, the fact that you are not holding them up is irrelevant as it is your group's responsibility to keep up with the group in front.
- If you feel that your group is falling behind, advise the other players in your group
- If your group is behind, try to catch up quickly.
- If you lose a clear hole and are delaying the group behind, invite the group behind to play through.
- Do not wait until it is your turn to play before putting your glove on.
- Do not wait until it is your turn before calculating your yardage and selecting your club.
- Look at your own line of putt while the other players in the group look at theirs and putt. (within the bounds of normal etiquette)
- At the green, leave your golf bag/buggy to allow quick movement from the green to the next tee.
- Play a provisional ball if your ball may be lost in a hazard or out of bounds.
- Remember, if you keep up with the group in front, you cannot be accused of slow play
